KUNMING UNIVERSITY OF SCIENCE AND TECHNOLOGY

Kunming University of Science and Technology (KUST), located in Kunming, Yunnan Province, southwest of China, was founded on the 4th of September, 1954. As one of the key universities in Yunnan province, KUST plays an important role in the field of the non-ferrous metals industry in China and makes major contributions to regional, economic, and social development.

Kunming University of Science and Technology (KUST) stands out for its academic excellence, with several disciplines such as Engineering, Material Science, Chemistry, Environment/Ecology, Botany and Zoology, Agricultural Science, and Clinical Medicine ranked in the top 1% in the ESI. The university comprises 1 academic division, 27 faculties, 7 research institutes, 14 clinical teaching bases, and 3 applied talent-training bases. Supported by a team of 4,001 staff, including 2,732 full-time lecturers and 1,861 professors and associate professors, KUST boasts 112 nationally recognized talents and 737 provincial- and ministerial-level experts. It currently hosts 51,918 students, including 671 from overseas, with 33,886 undergraduates and 18,032 postgraduates. Based on its distinctive disciplines and unique location, KUST keeps strengthening international cooperation and communication. As of now, it has signed cooperation agreements with 110 colleges, universities, and research institutions in 36 countries and regions and built a Confucius Institute with Souphanouvong University in Laos.
